Re: Global Scholar program applicant

Date:

I, the undersigned, support the participation of \_\_\_\_\_ in the Global Scholar program. The student has described their proposal to me, and, to the best of my understanding, it is an appropriate proposal for this student at this time in their studies.

I don't know of any concerns, such as academic standing or other curricular obligations, that would make the student's proposed experience unachievable or inappropriate at this time.

*(If the student is proposing engagement in clinical, hands-on work)* I am satisfied that the work the student is proposing is within their scope of their training and supervised as appropriate under guidelines for students in our program.
